## I. Mission and Philosophy

The Bethune-Cookman University community is committed to fostering a campus environment that represents our Christian tradition, is conducive to academic inquiry, a productive campus life and thoughtful study and discourse. The student conduct program within the Dean of Students Office is committed to an educational and developmental process that balances the interests and safety of individual students with the interests and safety of the Bethune-Cookman University community.

A community exists on the basis of shared values and principles. At Bethune-Cookman University, student members of the community are expected to uphold and abide by certain standards of conduct that form the basis of the *Student Honor Code*. These standards are embodied within a set of core values that include integrity, social justice, respect, community, and responsibility. A Bethune-Cookman University student represents the university at all times, therefore, the university maintains high standards of behavior on and off campus, during the semester and in between terms.

Each member of the Bethune-Cookman University community bears responsibility for their conduct and to assume reasonable responsibility for the behavior of others. When members of the community fail to exemplify these five values by engaging in a violation of the rules and standards below, campus conduct proceedings are used to assert and uphold the *Student Honor Code*.

The student conduct process at Bethune-Cookman University is not intended to punish students; rather, it exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our policies. Sanctions are intended to challenge students' moral and ethical decision-making and to help them bring their behavior into accord with our community expectations and develop an understanding of the impact of their behavior. When a student is unable to conform their behavior to community expectations and/or their behavior is a danger to themselves or others, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

Students should be aware that the student conduct process is quite different from criminal and civil court proceedings. Procedures and rights in student conduct procedures are conducted with fundamental fairness but do not include the same protections of due process afforded by the courts. Due process, as defined within these procedures, assures a written notice and a

hearing before an objective adjudicating officer or board. No student will be found in violation of Bethune-Cookman University policy without information showing that it is more likely than not that a policy violation occurred (standard of proof). Sanctions will be proportionate to the severity of the violation, its impact on the community and its members, and to the cumulative conduct history of the student.

## II. Values

Bethune-Cookman University is guided by its core values: FIRST

- **Faith:** We recognize and uphold the Christian tradition while welcoming the diversity of faiths.
- **Integrity:** We live in a way that reflects our deepest convictions.
- **Respect:** We recognize the inherent dignity and worth of each person.
- **Service:** We seek social justice through civic engagement.
- **Thirst for Knowledge:** We are engaged in the continuous pursuit of learning that transforms us and the world.

The foundation of any organization is reflected by its values. In support of the Core Values of Bethune-Cookman University, the Division of Student Affairs has also adopted the following values statements for the Student Honor Code. The Student Honor Code exists to ensure that all students have the opportunity to pursue their education in a safe, respectful environment.

**Community:** Bethune-Cookman University students build and enhance the campus community and the greater Daytona Beach Community.

**Social Justice:** Bethune-Cookman University students are just and equitable in their treatment of all members of the community and act to discourage and/or intervene to prevent unjust and inequitable behaviors.

**Responsibility:** Bethune-Cookman University students are held to a high level of responsibility to self, others, the community and to the degrees conferred all of which represent the university.

### III. Learning Outcomes

- A. To teach students to hold themselves accountable for reflecting and defining healthy personal core values. To examine their behavior in the light of those values and hold fast to the mission of being the best version of themselves even in the midst of mistakes and related consequences.
- B. To assist students in the learning process of transforming adversity into opportunities for growth by moving through adversity, building new skills to overcome adversity, and by establishing higher functioning norms after adversity.
- C. To behave in regards to the interdependence of all members and aspects of a community.

### IV. Bethune-Cookman University Dean of Students

#### A. Why a Student would Seek the Dean of Students

The Office of the Dean of Students at Bethune-Cookman University offers a holistic approach to student-centered advocacy for undergraduate and graduate students. Focusing on education, social and personal development, the Office of the Dean of students connects students to University resources that promote academic success, retention, and graduation. The Dean of Students partners with other university offices to develop students in the spirit of the University and Student Honor Code, Core Values, further supporting our mission to create vibrant and inclusive campus communities. The University Dean of Students also serves as a confidential resource available to assist students in resolving problems, complaints and other issues when normal processes and procedures have not worked satisfactorily.

Reasons students would seek the assistance of the Dean of Students may include:

- Seeking advice to respond to an uncomfortable living situation,
- Finding a resource to assist with a health issue,
- Connecting with resources to assist with a learning difference or disability,
- Navigating a personal problem that you are facing, and/or
- Resolving conflicts with other students, and/or

The Dean of Students Office is an office where students may visit to ask a question, make a request, find general information, or simply be pointed in the right direction. Even if a student

is unsure if the Dean of Student's Office is the right place to seek information or help, it remains to be an excellent starting point.

The Dean of Students is also responsible for the administration of the Student Honor Code, so, if students find themselves in a compromising situation, or have witnessed unacceptable behaviors, the Dean of Students is there to address all concerns and help students stay on a successful path.

Regardless, the Dean's Office will safeguard student rights and work to build a community that is reflective of the values of Bethune-Cookman University.

## **B. Complaints and Grievances**

The primary objectives of The Student Complaint and Grievance Procedure are to ensure that students have the opportunity to present grievances to the University regarding a certain action or inaction by a member of the University community and that the University has a consistent way of resolving those grievances in a fair and just manner.

A student may pursue a grievance if he or she believes that a member of the University community has violated his or her rights.

This Student Grievance Procedure applies to alleged discrimination on the basis of race, color, religion, sex (including sexual orientation and gender identity and expression), age, national origin, or disability as well as problems arising in the relationship between a student and the University that are not governed by other specific grievance procedures (such as Student Honor Code , Harassment, Discrimination, Sexual Misconduct, and Retaliation Complaint Procedures, University Policy and Procedures). Upon request from any student, the Office of the Dean of Students will provide guidance about the appropriate system for redress of a particular complaint.

### Essential Elements of Grievance Procedures.

All grievance procedures within the University structure must provide for:

- a) a time limit, not to exceed thirty calendar days from the written submission of a complaint to its hearing, with provisions for extensions for good cause;
- b) the opportunity for each side to submit supporting materials and introduce supporting witnesses;

- c) the opportunity for each side to be informed of material supporting the action or position of the other side;
- d) the exclusion of any party involved in the complaint from the rendering of any decision;
- e) the creation of a record of the proceeding, including audio tape recording of the hearing and a written decision of the hearing body.

### **Filing the Initial Grievance**

Prior to escalating grievance procedures described below, the student and the responding party is required to:

1. Present his or her complaint, in writing, with the person alleged to have caused the complaint, or that person's immediate supervisor within 15 days of the student first becoming aware of the act or condition that is the basis of the complaint.
2. The person alleged to have caused the complaint must respond to the student, in writing, within five (5) business days.

The required writing does not prohibit verbal discussion.

### **Grievance Escalation and Review**

If a student is not satisfied with the response, he or she (and responding party) must:

1. Escalate the complaint, in writing, within 10 days of the first received response, to the chair, director, or next level supervisor (hereinafter "administrator") of the department or area where the person alleged to have caused the complaint is employed.
2. If the complaint is against the chair or director of a department or area, or if the original complaint was responded to by the chair or director of the department or area, the student should address his or her complaint to the appropriate dean or vice president.
3. The administrator should conduct an informal investigation as warranted to resolve any factual disputes.
4. Upon the student's request, the administrator shall appoint an impartial fact-finding panel of no more than three persons to conduct an investigation.
5. The administrator must state the terms and conditions of the investigation in a memorandum appointing the fact-finding panel. A fact-finding panel appointed hereunder shall have no authority to make recommendations or impose final action.

6. The panel's conclusions shall be limited to determining and presenting facts to the administrator in a written report.
7. Based upon the report of the fact-finding panel, if any, the administrator shall make a determination and submit his or her decision, in writing, to the student and to the person alleged to have caused the complaint within 10 calendar days of receipt of the panel's report.
8. The written determination shall include the reasons for the decision, shall indicate the remedial action to be taken, if any, and shall inform the student of the right to seek review by the appropriate vice president (or provost if the administrator is a vice president).

### **Grievance Final Appeal**

Within ten calendar days of receipt of the administrator's decision, a student who is not satisfied with the response of the administrator may then:

1. Seek further review by submitting a grievance, using the online Student Grievance Form. At the time of filing the grievance online, the students must submit all written communications regarding the complaint.
2. If the administrator is a vice president or associate provost, the student's grievance will be forwarded to the University Provost for further review. The Provost may delegate another administrator to act on his/her behalf.
3. In non-academic cases, the Dean of Students' action will be limited to a review of the basis for the administrator's decision and need not involve a de novo factual investigation. The Dean of Students may, but is not required to, direct that further facts be gathered or that additional remedial action is taken.
4. Within 15 calendar days of receipt of the request for review, the Dean of Students shall submit his or her decision in writing to the student and to the person alleged to have caused the grievance. The written disposition shall include the reasons for the decision, and it shall direct a remedy for the aggrieved student.

### **C. Intellectual Diversity**

Bethune-Cookman University respects the views and perspectives of all participants in the learning environment. As such, the University welcomes intellectual diversity and the free exchange of ideas in a non-confrontational environment. If you feel that you have been treated unfairly on the basis of your personal beliefs or affiliations, please contact the Dean of Students. The Dean of Students reports administratively to the Vice President for Student Affairs.

## V. Jurisdiction

The Dean of Students has authority over the administration of the *Student Honor Code*. Students at Bethune-Cookman University are provided a copy of the *Student Honor Code* annually in the form of a link on the Bethune-Cookman University website. Students are responsible for having read and for abiding by the provisions of the *Student Honor Code*.

The *Student Honor Code* and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, and all Bethune-Cookman University recognized student organizations. For the purposes of student conduct, the Bethune-Cookman University considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in Bethune-Cookman University. In the event that serious misconduct occurs after a student has been admitted but prior to matriculation, Bethune-Cookman University may invoke these procedures and require documentation regarding the misconduct. Should a pre-matriculated student be found responsible for the misconduct, Bethune-Cookman University may rescind an offer of admission.

Bethune-Cookman University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw or have graduated for any misconduct that occurred prior to the leave, withdrawal or graduation. If sanctioned, a hold may be placed on the student's ability to re-enroll, obtain official transcripts, and/or graduate. All sanctions must be satisfied to be eligible for re-enrollment. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, Bethune-Cookman University may invoke these procedures. Should the former student be found responsible, Bethune-Cookman University reserves the right to revoke that student's degree.

The *Student Honor Code* applies to behaviors that take place on the campus, at university sponsored events, or in or on university property. They may also apply off-campus when the Dean of Students or their designee determines that the off-campus conduct affects a substantial Bethune-Cookman University interest.<sup>1</sup> A substantial Bethune-Cookman University interest is defined to include:

- Any situation where it appears that the student's conduct may present a danger or threat to the health or safety of him/herself or others; and/or
- Any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- Any situation that is detrimental to the educational mission and/or interests of Bethune-

Cookman University;

<sup>1</sup> Adapted, with gratitude, from Penn State University.

The *Student Honor Code* may be applied to behavior conducted online, via email or other electronic mediums. Students should also be aware that online postings such as blogs, web postings, chats, and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. Bethune-Cookman University does not regularly search for this information but may take action if and when such information is brought to the attention of Bethune-Cookman University officials. ***However, most online speech by students not involving Bethune-Cookman University networks or technology will be protected as free expression and not subject to this Code, with two notable exceptions:***

- A threat is defined as "a threat a reasonable person would interpret as a serious expression of intent to inflict bodily harm upon specific individuals";
- Speech posted online about Bethune-Cookman University or its community members that cause a significant disruption on campus or to campus operations.

The *Student Honor Code* applies to guests of community members whose hosts may be held accountable for the misconduct of their guests. Visitors to and guests of Bethune-Cookman University may seek resolution of violations of the *Student Honor Code* committed against them by members of Bethune-Cookman University community. The Code may also be applied to resident non-students, campers and high school bridge/extension/partner/dual-credit and continuing education programs by contractual agreements

There is a six-week time limit on reporting violations of the *Student Honor Code*; however, the longer someone waits to report an offense, the harder it becomes for Bethune-Cookman University officials to obtain information and witness statements and to make determinations regarding alleged violations.

Though anonymous complaints are permitted, doing so may limit Bethune-Cookman University's ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Dean of Students Office, to Campus Police.

**A responding student facing an alleged violation of the *Student Honor Code* is not permitted to withdraw from Bethune-Cookman University until all allegations are resolved.**

2 NOTE:

Many students are simply electing to withdraw once notified that they are facing an accusation. Withdrawal, like admission, should require an administrative action. A student can request a withdrawal for any number of reasons, which can then be administratively approved or denied. In this approach, a request would be denied until the conduct complaint is resolved if a complaint is pending at the time of the withdrawal request. Yes, a student may effectively withdraw themselves by dropping out but must go through the process to change their status officially. This approach resolves the challenge of proceeding with the conduct process after a student withdraws because technically, an institution cannot sanction a non-student (which is what a student is after they withdraw). Once the process is complete, if the student is sanctioned, the student must complete the sanctions before becoming eligible to re-enroll, if at all. A hold on withdrawal can be placed accordingly until then.

## **VI. Communication**

Bethune-Cookman University email is the University's primary means of communication with students. Students are responsible for all communication delivered to their Bethune-Cookman University email address. Students should check their Bethune-Cookman University email address daily. Notices of an investigation, meetings, and hearings are sent to university email addresses.

## **VII. Student Rights and Responsibilities**

### **A. Rights**

1. Free inquiry, expression, and assembly are guaranteed to all students. This includes the right of student press to be free of censorship.

9. Consequently, an organization may be held responsible for a member's behavior when that member's behavior is demonstrably related to the organization's life and draws attention to the organization rather than to the member as an individual student.
10. Such behavior includes, but is not limited to, actions of organization's officers, discussions, and announcements at organization meetings or via organization social media/email list serves, or when it has been alleged or determined the member was engaged in the active promotion.

The Student Honor Code supersedes any and all regulations and/or decisions made by student groups and organizations and their affiliates.

## IX. Student Due Process Rights

A student and/or organization who has been charged with a violation and thus alleged to be involved in misconduct or inappropriate behavior will be granted the following in order to ensure fundamental fairness in the university student conduct process:

- A. **Notice of Charges**- to be informed in writing of the specific violation and inappropriate behavior in which the student or organization is suspected of involvement.
- B. **Procedures**- To be informed in writing of the student student conduct process.
- C. **Hearing**- To have an opportunity to be heard in person before a decision is made.
- D. **Evidence**- To know the nature of the evidence and to be able to question witness except in extenuating circumstances.
- E. **Witness**- To be able to offer a defense by having a material and/or character witness speak on his/her behalf.
- F. **Advisor**- To have a Bethune-Cookman University faculty, staff, or student attend the hearing in the role of a friend, advisor, or counselor. If an accused student desires to have an advisor/attorney of their choice present at the hearing, that advisor may not speak or represent the student. They are present for **consultation purposes only**. In addition, students who would like to have an advisor/attorney present will need to notify the Dean of Students' Office of the person's name and contact information at least two business days prior to the scheduled hearing. This prior notification will provide an opportunity for the Dean of Students' Office to request University Counsel's presence at the hearing.
- G. **Written Decision**- To have a written response reporting the results of the hearing.
- H. **Appeal**- To appeal a decision of a hearing officer or Honor Board except when admitting guilt and minimum sanction is given.

The Dean of Students has the right to overturn a decision of the University Assistant Dean of Students, the University Disciplinary Committee, the Housing Review Board and/or the Sexual Misconduct Committee if he/she determines that a decision undermined the integrity of the student conduct process. The Provost reserves the right to overturn any decision rendered by the Academic Review Panel if he/she determines that a decision undermined the integrity of the student conduct process. All appeals end with the Vice President of Student Affairs or the Provost.

## **X. Parental/Guardian Notification Policy**

Student conduct records are considered confidential under the Family Educational Rights and Privacy Act of 1974 (FERPA). This legislation, better known as the Buckley Amendment, protects student records, which include conduct files. All rights regarding a student file pass from the parent to the student when the student turns 18, or when the student attends an institution of higher education. At the University level, college officials must have a “need to know” compelling the release of a student record. Since the enactment of FERPA, Congress has made several amendments to the law. One of which allows an institution of higher education to notify parents of alcohol and other drug violations, if the student is less than 21 years of age at the time of notification.

The Office of the Dean of Students reserves the right to notify the parents of students under the age of 21 who violate alcohol and other drug provisions of the Student Honor Code, or who in our professional judgment are considered to be a danger to themselves or others. Upon receipt of an alcohol or other drug violation by a student under the age of 21, the Dean of Students will staff the case and make a decision regarding parental notification based on the particular circumstances of the offense and the student’s history. Parents will be notified by letter or phone, depending on the circumstances of the case.

In all other cases, B-CU will not release information regarding a student’s conduct case or even that a conduct case exists, without a signed release of information from the student unless we are complying with a court order or following VPSA policies regarding notification. When the student’s actions put his/her health and/or academic future in imminent jeopardy, then we believe that by bringing parents/guardians into the loop we will be able to assist the student in getting back on track.

Ultimately, the student’s choices determine our response.

As a result, the university has a “zero tolerance policy” with respect to threatening statements and behavior or acts of violence against members of the campus community. The university prohibits and will take decisive action to eliminate:

- verbal or written harassment;

#### **XIV. Violations of the Law**

Alleged violations of federal, state and local laws may be investigated and addressed under the *Student Honor Code*. When an offense occurs over which Bethune-Cookman University has jurisdiction, the University conduct process will usually go forward notwithstanding any criminal complaint that may arise from the same incident. The criminal process and the *Student Honor Code* process are two independent processes.

Bethune-Cookman University reserves the right to exercise its authority of interim suspension upon notification that a student has been arrested, is facing a criminal investigation and/or complaint. Interim suspensions are temporary suspensions imposed until a hearing can be held, typically within two weeks. Students who are placed on a vehicle suspension may not be on university property, attend, events or attend classes. Within that time, the suspended student may request an immediate hearing from the Dean of Students to show cause of why the interim suspension should be lifted. This hearing may resolve the allegation or may be held to determine if the interim suspension should be continued. The interim suspension may be continued if the student is

considered a danger to the community and/or if Bethune-Cookman University may be delayed or prevented from conducting its own investigation and resolving the allegation by the pendency of the criminal process. In such cases, Bethune-Cookman University will only delay its hearing until such time as it can conduct an internal investigation or obtain sufficient information independently or from law enforcement upon which to proceed. This delay will be no longer than two weeks from notice of the incident unless a longer delay is requested in writing by the complaining party to allow the criminal investigation to proceed before the University process.

Students accused of crimes may request to take a leave from the Bethune-Cookman University until the criminal charges are resolved. In such situations, the Bethune-Cookman University procedure for voluntary leaves of absence is subject to the following conditions:

- The responding student must comply with all campus investigative efforts that will not prejudice their defense in the criminal trial; and
- The responding student must comply with all interim actions and/or restrictions imposed during the leave of absence; and
- The responding student must agree that, in order to be reinstated to active student status, they must first be subject to, and fully cooperate with, the campus conduct process and must comply with all sanctions that are imposed.

## **XVII. Academic Dishonesty and Misconduct**

Academic dishonesty or misconduct is any action or an attempted action that may result in creating an unfair academic advantage for oneself or an unfair academic advantage or disadvantage for any other member or members of the academic community. This includes a wide variety of behaviors such as cheating, plagiarism, altering academic documents or transcripts, gaining access to materials before they are intended to be available, and helping a friend to gain an unfair academic advantage. In the absence of clarity, students are responsible for seeking out information when unsure of what is expected. Below are some basic definitions and examples of academic dishonesty and misconduct. Please note that this list is not exhaustive.

### **A. Cheating**

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question, such as:

- Copying or attempting to copy from others during an exam or on an assignment.
- Communicating answers with another person during an exam.
- Preprogramming a calculator to contain answers or other unauthorized information for exams.
- Using unauthorized materials, prepared answers, written notes, or concealed information during an exam.
- Allowing others to do an assignment or portion of an assignment for you, including the use of a commercial term-paper service.
- Submission of the same assignment for more than one course without prior approval of all the instructors involved.
- Collaborating on an exam or assignment with any other person without prior approval from the instructor.
- Taking an exam for another person or having someone take an exam for you.

### **B. Plagiarism**

Plagiarism is defined as the use of intellectual material produced by another person without acknowledging its source, for example:

- Wholesale copying of passages from works of others into your homework, essay, term paper, or dissertation without acknowledgment.
- Use of the views, opinions, or insights of another without acknowledgment.
- Paraphrasing of another person's characteristic or original phraseology, metaphor, or other literary devices without acknowledgment.

### **C. Course Material Tampering**

- Removing, defacing, or deliberately keeping from other students library materials that are on reserve for specific courses.
- Contaminating laboratory samples or altering indicators during a practical exam, such as moving a pin in a dissection specimen for an anatomy course.
- Selling, distributing, website posting, or publishing course lecture notes, handouts, readers, recordings, or other information provided by an instructor, or using them for any commercial purpose without the express permission of the instructor.

### **D. False Information and Representation, Fabrication or Alteration of Information**

- Furnishing false information in the context of an academic assignment.
- Failing to identify yourself honestly in the context of an academic obligation.
- Fabricating or altering information or data and presenting it as legitimate.

- Submitting an altered transcript of grades to or from another institution or employer.

- Putting your name on another person's exam or assignment.
- Altering a previously graded exam or assignment for purposes of a grade appeal or of gaining points in a re-grading process.

## G. Disturbances in the Classroom

Disturbances in the classroom can also serve to create an unfair academic advantage for oneself or disadvantage for another member of the academic community. Below are some examples of events that may violate the Student Honor Code :

- Interference with the course of instruction to the detriment of other students.
- Disruption of classes or other academic activities in an attempt to stifle academic freedom of speech.
- Failure to comply with the instructions or directives of the course instructor.
- Phoning in falsified bomb threats.

## XVIII. Sanctions

A sanction is an opportunity to educate students on the effects of their behavior and to attempt to affect change in that student's behavior in the future. Any student found responsible for violating any of the Codes of Conduct or University regulations or policies may be subject to one or more sanctions. Failure to complete the conditions outlined in any sanction will result in a HOLD being placed on the student's records and registration. A HOLD on student records and registration will, for example, prevent the student from registering and from obtaining transcripts, verifications, or a diploma from the University until the student satisfies the conditions of the sanction.

Criteria for assigning sanctions are determined by several factors: the severity of the misconduct, the nature of the incident, and the student's prior conduct record.

Listed below are some of the more common sanctions used at Bethune-Cookman University, but if circumstances require it, alternative or additional sanctions may be put into place. The Dean of Students office has no authority over citations given to students by Campus Safety officers.

#### A. Formal Warning

In cases of minor violations, students will be placed on a formal warning status for one (1) calendar year.

#### B. Residential Probation

A residential probation is a warning similar to, but more serious than, a formal warning. A student may be placed on residential probation for a specified period not to exceed a student's graduation.

#### C. Disciplinary Probation

This sanction may prohibit the individual from representing the college in any official capacity. Probation shall be for at least three months or could continue throughout the student's enrollment at Bethune-Cookman University. Further violations of college policies, including violation of probation terms, will probably result in removal from the institution.

#### D. Suspension

Suspension involves the withdrawal of enrollment privileges for a specified period of time and ordinarily carries with it conditions, which must be met for re-enrollment. During the period of suspension, the student may not come onto campus, except when specifically authorized in writing by the Dean of Students, Vice President of Student Affairs, or designee. Failure to abide by this condition may result in arrest for trespassing and/or further disciplinary sanctions. Suspended students are not permitted to live or board in University facilities. Re-enrollment after a suspension requires that the student applies to the Dean of Students, Vice President for Student Affairs, or designee at the close of the imposed period for a determination of whether they have met the conditions of conduct related sanctions. Students suspended may not receive credit for college work completed by correspondence or in residence at another university without prior permission from the Vice President of Student Affairs. Records of suspension are maintained indefinitely.

#### E. Expulsion

Expulsion is a permanent dismissal from the University. These records are maintained indefinitely.

## F. Educational Sanctions

All consequences of conduct hearings are intended to be educational. Educational sanctions may be imposed in combination with or as a condition of any other disciplinary sanction. Educational sanctions may, for example, require the respondent to prepare letters of apology, to research an issue related to the offense, to attend a workshop, lecture or meeting, to perform community service, or to attend counseling.

## G. Behavioral Contract

A contract is written by an administrator and student(s) for the purpose of improving behavior/ attitude. The behavioral contract includes specific obligations or behaviors which the student(s) must meet within a specified time period. The contract serves as the working agreement between the student(s) and the administrator.

## H. Community Service

For incidents where the student has engaged in behavior that has an impact on all or a portion of the university community, students are required to give back to the community. Students required to complete community service hours are given a form (Community Service Agreement) to be completed, with a list of common departments or non-profit organizations, on and off campus that students may work with to complete their service requirements. If a student chooses to work with an organization that is not on this list, the student is strongly encouraged to contact the Assistant Dean of Students prior to beginning work.

## I. Restitution

Restitution is compensation required of students who engage in theft, misuse, damage, or destruction of institutional, group or private property. The amount of restitution is dependent upon the extent of damage as well as what is determined to be the most appropriate way for a student to make amends for the damage caused. The amount, form, and method of payment of restitution are determined by the hearing administrator or the board.

#### J. Fines

For some violations, fines may be imposed. At the discretion of the hearing officer, fines and/or work assignments may be imposed.

#### K. Removal from a Living Unit

In imposing this sanction, the hearing officer may require a student to vacate a particular residence hall. Circumstances in the environment such as conflicts with supervising personnel, peer pressure or an unwillingness to recognize and respect the rights of others may indicate a need for the use of this sanction.

#### L. Revocation of Admission and/or Degree

Admission to or a degree awarded from the college may be revoked for fraud, misrepresentation, or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation.

#### M. Withholding Degree

The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this student conduct code, including the completion of all sanctions imposed.

#### N. Interim Suspension

The Dean of Students or Vice President for Student Affairs, or designee may restrict access to University property/event or suspend a student for an interim period prior to a resolution of a disciplinary proceeding if reliable information that the student has engaged in misconduct is present and it is determined that the continued presence of the student on the University campus or at University sponsored events poses an immediate threat of harm to the student or other individuals, loss of property, or may cause substantial disruption to the educational mission of the University.

## **XIX. University Honor Board**

In establishing a responsible community, it is imperative that students, faculty, and staff assist in the enforcement of university regulations. Bethune-Cookman University community members are accountable to both civil authorities and to the University for acts, which constitute violations of law and of the community. The University will refer matters to federal and/or state authorities for prosecution when appropriate. Students accused of violating the value standards of conduct of this code or the zero tolerance policy shall be given prompt written notice of the allegations, and shall be entitled to an informal hearing before a student judicial body or person. There are three hearing panels that make up the University Honor Board:

### **A. University Conduct Panel**

The UJP is charged with hearing alleged violations of the Student Honor Code referred to The Office of the Dean of Students. The University Conduct Panel shall consist of thirty members from the University community of whom twenty shall be members of the faculty and/or staff appointed by the Vice President of Student Affairs, Dean of Students, or designee. Ten members shall be regularly enrolled students who serve on the Student Government Judicial Branch. Only five (5), two students, two faculty/staff and one faculty/staff chairperson will be needed per hearing. The Dean of Students shall appoint each year, several faculties or staff members to act as Chairpersons of the University Judicial Panel. The University Judicial Panel shall hear cases involving alleged violations of the Student Conduct of Code.

### **B. Academic Review Panel**

Charged with hearing alleged violations of the Academic Integrity Value, including but not limited to plagiarism, cheating, misrepresentation and/or fabrication of one's work and all other forms of academic dishonesty shall be referred to the Academic Review Panel by the University Provost, or designee. Cases involving academic dishonesty may initially be heard by bodies established by the university or the faculty member who may offer the student a grade sanction. The Academic Review Panel shall consist of five members of whom three shall be members of the faculty appointed by the Provost of the University or his/her designee and two shall be regularly enrolled students who serve on the Student Government Judicial Branch. The Provost, or designee, shall appoint, each year, a faculty member to act as Chairperson of the Academic Review Panel.

### **C. Housing Review Panel**

Charged with hearing alleged violations specific to the Residence Hall policies, rules, and

regulations, by residents and/or their guests. Incident reports are submitted to the Director of Housing and Residence Life for review. The Housing Review Board of the University shall consist of five members of whom two shall be members of the Residence Life staff or two staff members from the disciplinary committee and two shall be regularly enrolled students from the disciplinary committee or two student Residential Assistants and one Chairperson appointed by the Director of Housing and Residence Life or by the Vice President of Student Affairs. The Director of Housing and Residence Life shall appoint a member of Hall Management professional staff to act as Chairperson of the Housing Review Panel. The Chairperson of the University Disciplinary Panel may also serve as the chair of the Housing Review Board. If a violation of the code is established, a punishment imposed by the Board may include but is not limited to, relocation, restitution, fines, residence hall probation, suspension or dismissal from the Residence Hall.

## **XX. Disciplinary Process**

### **A. Filing a Report**

1. Any person attending University programs, using University facilities, working at or for the University, or participating in University-sponsored events or activities may file a complaint against a student. The complaint should be filed using the online Student Incident or Concern Form found on the Dean of Students webpage.
2. Timeline for Complaints: Complaints of student non-academic conduct should be made as soon as possible or at maximum within six weeks of the incident or event that is the subject of the report. In exceptional circumstances, the Assistant Dean of Students may grant an extension to this time limit.
3. Dual Reporting: Non-academic conduct may be both a violation of University policy and law, and as such, the University encourages complainants to make reports to both local law enforcement agencies and the University. Because the standard of proof required in criminal law is different from the standard of proof required in University policy, the result of criminal investigations is not dispositive of whether a violation of University policy has occurred. In addition, the criminal investigation will not take the place of a University investigation, although such criminal investigation may supplement a University investigation. The University will not wait for the conclusion of a criminal investigation to begin conducting its own independent investigation, or to take interim measures to protect the University or any member of the University community, or when necessary, to initiate hearing procedures as outlined below.

4. Information requested: When filing a complaint, you should provide as much detail as possible regarding the nature of the complaint and any witnesses. The more information that you can provide, the better equipped the University will be to address the complaint. The University suggests you provide the following information to the extent possible:

- Name and contact information (address, telephone, email) for the complainant;
- Name of person(s) directly responsible for the alleged violations of policy;
- Date(s), time(s), and place(s) of the alleged violation(s);
- Detailed description of the specific conduct that is the basis of the alleged violation(s);
- Copies of any documents or other tangible items pertaining to the alleged violation(s);
- Names and contact information for any witnesses to the alleged violation(s); and
- Any other relevant information.

All information is requested within the Student Concern and Incident Report.

## **B. Charges**

1. Intake and Review: All concerns and complaints about a student's or students' conduct shall be referred to the Office of the Dean of Students via the online incident and concern form. The Assistant Dean of Students will review the allegations and select the appropriate charges to be considered, if any.
  - a. When appropriate, the Assistant Dean of Students will meet with the complainant in order to provide the complainant a general understanding of these procedures and to identify forms of support or interim measures available to the complainant.
  - b. If the complainant does not wish to pursue resolution and/or requests that his or her complaint remain anonymous, the University may still need to investigate and take reasonable action in light of the complainant's request.
  - c. The complainant's request will be balanced against the University's need to provide a learning and working environment for all members of the University community that is reasonably safe and non-discriminatory.

- d. Factors that will influence the University action include: the seriousness of the allegation; whether there are additional complaints involving the same alleged student; and the University's ability to bring the complaint forward absent the involvement of the complainant.
2. Interim Measures: To ensure the health, welfare, and safety of the complainant, respondent, third-parties or the University community, or to uphold the integrity of the process, the University may take interim action at any time and is not required to wait to take such action until after the Intake and Review or a hearing. Depending on the specific nature of the allegation, interim action may include but is not limited to the following:
    - Imposition of a No-contact order (a directive that the complainant and accused student refrain from having contact with one another, their families, and/or their personal possessions, directly or through proxies, whether in person or via electronic means, pending the investigation and, if applicable, the hearing);
    - Provision of counseling services;
    - Provision of medical services;
    - Provision of academic support services, like tutoring;
    - Provision of alterations to the student's class schedule to ensure the complainant and alleged student do not attend the same classes;
    - Moving the complainant or alleged student to a different student housing facility;
    - Removing a student from residential facilities (See Residential Suspension); and
    - Provision of an escort to ensure the student can move safely between classes and University activities.
  3. Standard of Proof: A violation of University policy will be found and the accused student will be found responsible if the Assistant Dean of Students, or Formal Hearing Panel by a majority vote, finds it more likely than not that the accused student violated University Policy based on all of the information presented during the investigation and hearing process.

### C. Notice of Charges

All reports of alleged violations by a student shall be made in writing to The Office of the Dean of Students. Each complaint shall contain a statement of facts outlining each alleged act of

misconduct and any witnesses to the alleged act. The Office of the Dean of Students shall make preliminary investigations of charges against a student and send a notice of charges to the student.

The notice of charges shall contain at a minimum, the date of the alleged violation, evidence to be used in support of the alleged violation and the date and time of the pre-hearing conference. (Failure of the student to have a valid email or mailing address on file with the University shall not invalidate the notice).

#### D. Pre-hearing Conferences

The Assistant Dean of Students, or designee, holds pre-hearing conferences with the accused student or refers cases to the appropriate disciplinary panel. The Assistant Dean of Students shall set the time and place for a hearing and shall notify other committee members, the accused student and any witnesses deemed necessary by the University to testify at the hearing.

- a. At the pre-hearing conference, the student will be given the opportunity to accept responsibility for the violation, waive their rights to all hearing and appeal and accept a disciplinary sanction or request formal hearing procedures.
- b. Students who fail to attend the pre-hearing conference will be found in violation and have sanctions imposed. Students sanctioned in their absence will be notified in writing and given five business days to request a formal hearing before the sanction is imposed and the case considered closed.

#### E. Formal Hearing

The Assistant Dean of Students, or designee, shall at least three business days in advance of the hearing, notify the student in writing. The notice shall be delivered by e-mail, by hand if reasonably possible or otherwise by certified mail to the last local address of the student registered with the University in Jenzabar. (Failure of the student to have a valid mailing address on file with the University shall not invalidate the notice).

The notice of charges shall contain at a minimum:

- The date, time and place of the hearing.
  - A statement of the specific charges, and
  - Copies of all evidence and the names of witnesses that the University may call to testify at the hearing.

After a review of the testimony and evidence the committee may dismiss the charges; find the student responsible and impose a disciplinary penalty.
- ii. It is the student's/student organization's right not to be present for the hearing. The hearing may go forward without the student/student organization and a decision may be made on the basis of the information available at the time of the hearing. If a student fails to resolve his/her case, the Office of the Dean of Students may place a hold on a student's enrollment and/or transcripts.

If the student's schedule should change and he or she is unable to attend the hearing, requests for continuance must be made by the student via email to [BCUConduct@Cookman.edu](mailto:BCUConduct@Cookman.edu) at least three days prior to the scheduled hearing. The Assistant Dean of Students may reschedule the hearing if the request is timely and for good cause. Note that approval for rescheduling hearing proceedings is at the discretion of the University. Documentation will need to be presented to and verified by the Assistant Dean of Students before the continuance is granted (i.e. incarceration, death in the family, hospitalization, deployment, etc.). Requests for continuance must be made by the student in writing and received by the Assistant Dean of Students at least three days prior to the scheduled hearing. The Assistant Dean of Students may reschedule the hearing if the request is timely and for good cause. **Note that approval for rescheduling hearing proceedings is at the discretion of the University. Documentation will need to be presented to and verified by the Assistant Dean of Students before the continuance is granted (i.e. incarceration, death in the family, hospitalization, deployment, etc.).**

- iii. The Assistant Dean of Students will be responsible for notifying all witnesses of the hearing and for the creation of the Formal Panel Hearing file.
- iv. A quorum shall consist of three members, two faculty and/or staff members and one student. One of the two faculty/staff members must be the Chairperson who votes only in case of a tie. A written summary, recommendations, and audio tape shall be forwarded to the Assistant Dean of Students or Dean of Students, as deemed appropriate, who shall communicate the findings in writing to the student. The notice of findings will notify the student of their right to appeal.
- vii. While an appeal is pending, any action assessed by the hearing body shall be suspended, pending the outcome of the appeal. The Vice President of Student Affairs' decision is final. Only a sanction of suspension or expulsion may be appealed to the President of the University. **\*\* (See exceptions below)**

In such cases, the Office of the VPSA may impose temporary protective measures, including suspension, pending a hearing, which may be reasonably necessary. It is understood that such temporary protective measures if applied, will be without avoidable prejudice to the student.   - i. If a violation of the B-CU Residential Guide is found, the Hearing Officer may assign a formal conduct sanction of University Warning, and any other

educational sanction or restriction found in either the Code or the B-CU Residential Guide.

- b. If the accused student/respondent fails to participate in the process by failing to attend a meeting or providing information, the Hearing Officer may render a decision based on the available information.
- c. An accused student who fails to participate or disagrees with the finding of the administrative hearing does not waive the right to appeal.
- d. In situations where the behavior is a violation of University Policy and the administrative sanction is less than University suspension, or when suspension is a likely sanction and there is no disputation of facts by the accused student/student organization, an accused student/student organization shall meet with a Hearing Officer in an informal administrative hearing.
  - i. If a University Policy violation is found, the Hearing Officer may assign any formal conduct sanction, educational sanction, or restriction, with the exception of expulsion.
  - ii. If the accused student/respondent fails to participate in the process by failing to attend a meeting or providing information, the Hearing Officer may render a decision based on the available information.

## **G. Retaliation**

Retaliation is prohibited: University policy prohibits retaliation against a complainant or individual cooperating in the investigation of an alleged violation of University Policy. Retaliation includes any harassment, intimidation, threats or adverse action against any complainant or individual as a result of participation in a complaint. Retaliatory behavior is not limited to behavior by the accused student, and covers behavior by his or her associates, as well as third parties. Retaliation should be reported to the Assistant Dean of Students, and is considered an independent allegation that may lead to additional interim measures or disciplinary action.

## H. Rendering a Decision

Upon completion of the hearing, the Honor Board must within two (2) working days inform the Assistant Dean of Students of the decision and, if necessary, the sanctions which have been recommended.

After a formal hearing before the Chair, the Assistant Dean of Students will review the report of the Panel and all hearing materials, determine whether to accept the recommendations, and provide written notification to the accused student and the complainant of the findings and sanctions, if any. Sanctions imposed by the Assistant Dean of Students are effective immediately unless otherwise specified in the notification. If sanctions are imposed, notice of the appeal procedure will be provided to both parties. Minor technical departures or errors in the procedures established by this policy will not necessarily be grounds to withhold conduct action.

The Assistant Dean of Students, based on the totality of information and the Student Honor Code, reserves the right to reasonably modify the charges included in the notification.

### **Additional Information**

The University will strive to complete complaint investigations, including issuance of a report of findings to the complainant and accused student, in as timely and efficient a manner as possible and typically within fifteen (15) business days of receipt of a complaint. However, this timeframe may be extended based on factors such as, but not limited to, schedule and availability of witnesses, holidays or semester breaks including summer break, and complexity of the complaint. If an investigation cannot be completed within fifteen (15) business days of receipt of the complaint, then the Hearing Officer will notify the complainant and accused student of that fact and provide a timeframe for completing the investigation.

## I. Appeal Procedures

An appeal is defined as a review of the original case. This may involve a review of the decision as recorded on paper, or other procedures as described below. During an appeal, the burden is placed on the appealing student or student organization representative to demonstrate why the finding or sanction should be changed.

The accused student shall appeal via an online electronic submission within five business days after notification of the decision of the hearing panel. A student may appeal on the following grounds:

- a. A procedure was not followed.
- b. A claim that the decision of the hearing panel was clearly erroneous.
- c. A claim that the sanction(s) imposed was (were) overly harsh or inappropriate (only sanctions of suspension or expulsion may be appealed).
- d. New evidence being presented, not available at a previous hearing that could exonerate the student.

Appeal requests may be denied in cases not having sufficient grounds in one or more of these areas. All appeals must be submitted via the online Student Appeals Electronic Form located on the Dean of Students webpage, under Student Affairs.

The Dean of Students shall appoint an appeal panel which shall hear all appeals from formal hearings and from decisions pursuant to the administration of the Student Honor Code. The appeal panel will review the entire hearing file and record of the hearing (if requested). The appeal panel may request a personal appearance of the student or organizational representative to discuss the incident in question. After reviewing the record, and depending upon the demonstrated grounds for appeal, the appeal panel may take any of the following actions:

- a) Affirm the charge;
- b) Impose greater or lesser sanctions; or
- c) Order a new conduct hearing.

The action of the panel considering an appeal will be communicated to the student or organizational representative via email. Should the student be dissatisfied with the decision of the Dean of Students' Appeal Panel, he/she shall have the right to appeal in writing to the Vice President of Student Affairs. The Vice President of Student Affairs shall render his/her decision in writing within seven business days from his/her receipt of an appeal. The decision of the Vice President of Student Affairs is final.

## **J. Student Disciplinary Records**

Student conduct case records are confidential and will not be released outside the university without the student's written permission or by order of a court of law. Exceptions are noted below. A copy of conduct case materials will stay in the student's file for seven years from the date of the incident at which time it will be destroyed. All records involving suspension or

expulsion are maintained indefinitely. Student conduct records are maintained in the Student Affairs office.

Notification within the University of conduct action taken against students is made on a “need to know” basis and includes but is not limited to: the Athletic Department in cases involving athletes, Student Life in cases involving fraternities or sororities, and Military Affairs in cases involving ROTC students. The Chaplaincy and Health and Wellness will be informed of cases involving circumstances where the services are needed.

In the case of suspension or expulsion, notification is sent to the University Registrar’s Office, The Office of Financial Aid, Academic Affairs, Campus Safety, and the University Bursar’s Office. Lesser sanctions, such as a formal warning or probation, do not affect a student’s academic standing. A conduct suspended and/or expelled student also has any campus access privileges suspended.

Records on student organizations are not confidential and may be released.

## **K. Withdrawal (Suspension or Expulsion)**

A decision of suspension or expulsion from the university will result in a student receiving a WF for each course in which he or she is enrolled, regardless of when the infraction occurs that semester. A student will not be allowed to withdraw from the university without penalty if a decision of suspension or expulsion is rendered against the student. A student will also forfeit the right to a refund of any fees (i.e. tuition, mandatory fees, housing, etc.).

## **L. Interim Suspension**

- i. The Dean of Students, or designee, may restrict access to University property/event or suspend a student for an interim period prior to a resolution determined by a disciplinary proceeding if the Dean of Students has reliable information that the student has engaged in misconduct and the Dean of Students determines that the continued presence of the student on the University campus or at University sponsored events poses an immediate threat of harm to the student or other individuals, loss of property, or may cause substantial disruption to the educational mission of the University.
- ii. A student who has been issued an interim suspension and excluded from the University shall be required to leave the University campus immediately and shall be notified that he or she will thereafter be treated as a trespasser if he or she returns to University property without proper authorization. The interim suspension will take effect immediately as of the Dean of Student’s decision.

- iii. Written notice of the interim suspension will be communicated by the Dean of Students or the Assistant Dean of Students or designee, but no later than one (1) business day after the suspension takes effect (unless additional time is needed or necessary). If written notice cannot be hand-delivered, the Dean of Students or designee shall send notice to the student via certified mail, return receipt requested, at the student's last official address on record.
- iv. The interim suspension letter will provide the following:
  - a. that the student has been issued an interim suspension from the University;
  - b. that the student is prohibited from entering University property or attending University sponsored events;
  - c. that the student will be considered a trespasser if he or she returns to the University without proper authorization;
  - d. give stated reasons for the interim suspension and exclusion from the University property;
  - e. that disciplinary action against the student will be initiated by the Assistant Dean of Students or the Dean of Students; and, that the student may request a formal hearing within (5) business days after a student has been notified of the interim suspension and exclusion from University property.
  - f. A student placed on interim suspension means that the student cannot attend classes (including online learning) and must leave University property and cannot return to the University without proper authorization, i.e. except for the limited purposes of participating in an interim suspension review hearing and/or disciplinary hearing. The Assistant Dean of Students or Dean of Students may require that the student is escorted to and from the disciplinary proceedings by members of Campus Safety. If the student lives in University owned/operated housing, he or she must vacate his/her room and turn in the room, apartment, also check-out properly according to the Housing and Residence Life contact.
- v. Within five (5) business days after a student has been notified of the interim suspension and exclusion from University property, the student may request an interim suspension review hearing to determine whether the interim suspension should continue or whether the student should be reinstated and allowed to return to University property until a final disposition is made at the student disciplinary hearing.
- vi. The request must be submitted in writing to the Dean of Students or designee, who shall select a hearing officer and a committee of no less than three members, with at least one student representative.
- vii. The hearing panel shall hold a review hearing within five (5) business days after committee selection.
- viii. The student has the right to be present and to have an advisor of his or her choice at his own expense, but such person may only advise the student and may not actively participate in the hearing.

- ix. The student shall be permitted to enter University campus for the limited purpose of this hearing in accordance with the provisions stated herein.
- x. The panel will review the information provided by the student, the information upon which the interim suspension was initially based, and any new information which may justify the lifting or the continuation of the interim suspension.
- xi. At the end of the hearing, the panel will make a decision and notify the Dean of Students, or designee, of the panel's recommendation.
- xii. The panel may affirm the original decision, maintaining the interim suspension and temporary exclusion until full disciplinary proceedings are held, or the panel may recommend that the interim suspension is lifted. The Dean of Students or designee will consider the recommendation of the panel but is not bound by the recommendation.
- xiii. The Dean of Students, or designee, shall thereafter notify the student that he or she is reinstated pending the outcome of the full disciplinary hearing or the interim suspension and temporary exclusion are to be continued subject to the outcome of the disciplinary proceedings. The notice will be provided within one (1) business day of the decision unless additional time is needed or necessary.
- xiv. No interim suspension hearing shall take place of the full disciplinary proceedings which will determine whether the student shall be sanctioned for the misconduct charged.
- xv. Failure to respond to the disciplinary action for the misconduct charge shall result in a finding against the student and result in permanent suspension for the academic semester and/or academic year. As a result, the student must apply for readmission before he or she can return to active matriculation at the University.
