#### General Education Courses Are in Bold.

All students MUST see a Student Success Coach to review the details of the vertical curriculum and prerequisite requirements.

\*MARCHING BAND MEMBERS ONLY, MUST substitute PE activity with MUB 110 Marching Band.

\* ROTC MEMBERS ONLY, substitute PE Activity with MY 104 Basic Military Science and MYL 104 Basic Military Science Lab. (ROTC)

\*ATHLETES ONLY, will substitute PE Activity with PEC 111 Body Conditioning.

\*\*\* Choose ONE from HU 231 Ancient to Medieval Humanities, HU 232 Renaissance to early Romantic Era Humanities, or HU 233 Romanticism to Contemporary Humanities.

Most CS and CIS courses are taught in the semester shown. Only CS 132 is taught during the summer semester.

General education requirements are listed in the catalog. Additional requirements are listed under the School of Science, Engineering & Mathematics and under the Department of Computer Science & Engineering.

CIS majors must earn grades "C" or better in each core course and each course in the selected area of concentration.

CS and CIS electives must be at 300 or 400 level.

Free Electives means that you can take any course you want as long as you meet the course prerequisites.

General Education Courses Are in Bold.

All students MUST see a Student Success Coach to review the details of the vertical curriculum and prerequisite requirements.

\*Based on your placement testing scores, these courses may require prerequisites which may extend the number of semesters needed to complete degree requirements. These prerequisites do not count towards the Computer Science degree for graduation.

\*\*MARCHING BAND MEMBERS ONLY, MUST substitute PE Activity with MUB 110 Marching Band.

\*\*ROTC MEMBERS ONLY, substitute PE Activity with MY 104 Basic Military Science and MYL 104 Basic Military Science Lab. (ROTC)

\*\*ATHLETES ONLY will substitute PE Activity with PEC 111 Body Conditioning

\*\*\* Choose ONE from HU 231 Ancient to Medieval Humanities, HU 232 Renaissance to early Romantic Era Humanities, or HU 233 Romanticism to Contemporary Humanities.

Most CS and CIS courses are taught only in the semesters shown. Only CS 132 is taught during the summer semester. No upper level courses are taught in the summer. General Education requirements are listed in the Catalog. Additional requirements are listed in the catalog under the School of Science and Mathematics and under the Department of Computer Information Systems.

CS majors must: earn grades of C or better in all CS and CIS courses; and pass the CS Senior Comprehensive Exam during their senior year. Additional requirements may be listed in the catalog.

**Summary of Electives**

CS and CIS Electives for CS and CIS majors must be at the 300 or 400 level

CS, CIS, CH or MAT Electives are any CS or CIS at the 300 or 400 level, any MAT course higher than Calculus II, or CH 141 or higher chemistry course

Free Elective means that you can take any course you want as long as you meet the course prerequisites. Students meet with success coaches to determine free electives that support their professional goals.

General Education Courses are in Bold.

All students MUST see a Student Success Coach to review the details of the vertical curriculum and prerequisite requirements.

Gateway course for this major is in italics; Capstone course for this major is in bold italics.

\*Based on your placement testing scores, these courses may require prerequisites which may extend the number of semesters needed to complete degree requirements. These prerequisites do not count towards the IES degree for graduation.

\*\*MARCHING BAND MEMBERS ONLY, MUST substitute PE Activity with MUB 110 Marching Band.

\*\*ATHLETES ONLY will substitute PE Activity with PEC 111 Body Conditioning

\*\*ROTC MEMBERS ONLY, substitute PE Activity with MY 104 Basic Military Science and MYL 104 Basic Military Science Lab. (ROTC)

\*\*\* Choose ONE from HU 231 Ancient to Medieval Humanities, HU 232 Renaissance to early Romantic Era Humanities, or HU 233 Romanticism to Contemporary Humanities.

Math majors must complete the two-semester laboratory science sequence in BI 141 and BI 142, or CH 141 and CH 142, or PH 251 and PH 252.

There are six free electives in the math curriculum. Math majors may choose an academic minor (18 to 21 credits) in a field complimenting their long range professional goals. Students may choose a minor from biology, chemistry, computer science, environmental science, physics, accounting, marketing, business (any of the tracks), education, organizational leadership, and so on. See your advisor for assistance with curricular planning for a minor.
