

SPRING FACULTY INSTITUTE

January 7-8, 2019

The Spring Institute will offer faculty and staff an opportunity to hear about the state of the University, priorities in Academic Affairs, accompanied by a number of professional development workshops coordinated by the BJ Moore Center for Faculty Innovation.

The main sessions (8:00a.m.-noon) are for faculty only. Staff members are invited to participate in as many workshop offerings as possible after consulting with immediate supervisors. We are excited about hearing from campus experts and faculty development professionals from neighboring colleges and universities. See below for agenda for January 7-8.

Note: Registration now open - [click here](#)
