### Historic Treasures

**White Hall**  
Founder of the White Sewing Machine Company, Thomas H. White, was a prominent B-CU Benefactor and long time friend of Mary McLeod Bethune. White Hall, which became the main focal point of the campus, was erected in his honor in 1914. Architectural highlights include the Gertrude Hornekes Heyns Memorial Chapel.

**Faith Hall**  
Originally constructed of wood frame in 1907, Faith Hall was so named by Mrs. Bethune “parry because it was an exemplification of what could be brought about by faith.” The tiny building’s wooden frame was replaced by a much larger brick structure in 1935 through a grant from the Rosenwald Fund and the General Education Board of the Methodist Church.

**M-Lead Hospital**  
(Rose General Studies Bldg.) Erected in 1912, and named for Dr. Bethune’s parents, Sam and Patsey M-lead. The M-lead hospital served as a training school for nurses and as the only hospital for Daytona’s Negro citizens. “Here being none for the care of colored people on the East Coast south of St. Augustine.” Dr. Texas A. Adams was the hospital’s first physician.

**Mary McLeod Bethune Home**  
“The Retreat” was constructed in 1915 and purchased for Dr. Bethune through the generosity of Flora Curtis, a wealthy benefactor who win-tered in Daytona and died in 1920.
